By IRENE GROVE

Are you really satisfied with the conditions in your city of Albany today? As progressive a city as it is, do you honestly believe that they need no improving? That progress can be taken for granted? That industrial expansion and economic development, growth, and prosperity just happen?

Remember the old saying, "Let George do it"? Who is George? There are fortunately many "doers" in your town and you as a businessman benefit from their active participation in community projects. They are the businessmen and women who realize each one of us is "George." That is why they associate themselves with your Chamber of Commerce.

Camp Fire Girls Open Candy Sale Friday, Feb. 6th

Local Camp Fire Girls, their junior Blue Bird sisters, and their senior Horizon Club sisters, launch their annual Camp Fire Girls Candy Sale on Friday, February 6, with hundreds of girls going house-to-house in colorful service uniform to sell chocolate-covered, creamy Camp Fire mints.

More than 50 councils in California, Nevada, Washington, Oregon, Colorado and Idaho have again selected Miss Saylor's fine chocolates for their sale, the same brand which has proved so popular the past five years.

Proceeds from the sale, which will extend through Monday, February 23, will be used to extend the Camp Fire program in our community, to help provide funds for establishing our own resident camp, and to supplement the treasury of individual groups within the council. "The enthusiastic help of each citizen is urged," according to Mrs. Charles Carver, president of the Codornices Council, "in supporting this worthwhile, character-building youth organization. When you treat yourself to delicious Camp Fire mints, you treat an Albany Camp Fire Girl to great companionship, fun and learning... encouragement that will make them stronger citizens of tomorrow. You are also helping to expand the privileges of membership in Camp Fire to more and more girls eagerly awaiting the opportunity."

Candy Sale Chairman for the Codornices Council is Mrs. Herbert Worster. Assistants on the committee are Mrs. Michael Silvester, distribution chairman; Mrs. Melvin Rubin, special sales; and Mrs. James L. Allen, publicity.

the organization that coordinates their thinking and translates it into action...

So... don't leave it to the other "Georges." Join and participate in your Chamber of Commerce and lend a hand.

Here are some of the "Georges" in your community that have made their 1959 investment in your Chamber of Commerce this last week: Albany Hospital, Berkeley Gazette, Park and Shop Market, Spenger's, and Jan Prins Signs.

Investment is not enough... Your Chamber of Commerce has a big job to do in 1959 and we need your participation. Your Chamber of Commerce functions through its committees and we need you, your brains, your time, your active support.

Here again are your 1959 committees: Retail Trade, Industrial Relations, Civic Beautification, Congressional Action, Parking and Traffic, Small Craft Harbor Development, Municipal Affairs... Choose the one of your choice and let's go to work... a few hours of your time will bring rich returns to you and your city.

Your Chamber of Commerce Annual Membership Dinner plans are set... Remember the date... February 27... time, 6:30 p.m., Social Hour with hors d'oeuvres and dinner following at 7 p.m. or so. A good program is planned, with entertainment and a chance for all to participate... no formal speeches. All this for \$3.50... tickets available at your Chamber of Commerce office.

The Solano Avenue Merchants Association and The Albany Teachers Association have been invited to join us... and everyone is invited... let's make this a real community affair.

Reports are that the dinner honoring our retired and beloved Fire Chief Fred Pimental is going to be well attended... This is the spirit that makes Albany... Albany.

Please don't forget the Jaycee DSA Dinner, February 21 at the Claremont. Have you sent in your nomination for your favorite candidate?

ELECTRICAL WEEK to honor great industry. Mayor Lewis M. Howell, of Albany (center) is shown signing a proclamation designating the period February 8 - 14 as "National Electrical Week." At left is George E. Sonnor, Berkeley, — Albany manager for Pacific Gas & Electric Company, while on the right is William W. Perrin, owner of Tri-City Electric, electrical contractors, 1252 Solano Avenue, Albany.

Electrical Week Being Observed February 8 - 14

National Electrical Week is being observed throughout the Nation Monday through Saturday of next week. Significantly February 11 is the birthday of Thomas A. Edison who probably contributed more to human progress during the period of his activity than any other man.

Other pioneers in the electrical field are also due for a full share of praise for their great contributions to public welfare. Charles Proteus Steinmetz, A. E. Kennel, Alfred Vail, Lee DeForest, Nicola Tesla, Alexander Graham Bell and a host of other engineers and inventors have developed products and methods in the use of electricity for which the world owes them high praise.

Out here on the Pacific Coast the industry had its real beginning about 70 years ago, but it is to the engineers and financial leaders from the turn of the century on to whom credit is due for the enormous development and especially for the harnessing of its abundant water power.

Much of the credit for developing the power now available to northern California industry, to our cities, and our homes is due to the far-seeing vision of Pacific Gas & Electric Company executives who have, during these more recent years, consolidated into one organization more than 500 scattered and often unstable concerns. The consolidation has brought about greater economy of operation, more stable service, and the opening up of new fields to development of electric power such as the P.G.&E.-General Electric atomic power plant at Vallecitos, and the one now being constructed at Arcata, just north of Eureka.

Credit must be given to the many electrical engineers and executives of the earlier days who strove against great odds for

Ted Williams Dies Suddenly

Theodore "Ted" Williams, for many years active in Albany business circles, died suddenly at Herick Memorial Hospital on Wednesday afternoon, according to word received just as the Times was going to press. He leaves his wife, Beatrice Williams, who has long been active in Soroptimist circles. Funeral services are pending.

DUMP COST HITS PLAN FOR EARLY RE-OPENING

On Tuesday of this week the Albany City Council announced the appointment of a new City Engineer, to take the place of the late Wayne McAuley who died in December. The new appointee is John D. Dayton, of 1919 Junction Avenue, El Cerrito, and now serving as General Engineer Master Planning, U.S. Army Transportation Terminal, Bay Area, with headquarters at Ft. Mason. He is a licensed civil engineer in California and several other states, and was in private practice as a construction engineer before assuming his post with the Army. He will take office February 24.

The Albany City Council again discussed plans for the speedy re-opening of the city dump, but the hope that more careful consideration of the figures presented the preceding week by Administrative Assistant R. G. Olson and Acting City Engineer Louis R. Cunan would permit their being pared down failed to develop.

As a matter of fact Engineer Cunan told the council that the figures previously submitted of \$9,000 for piles had been on the basis of second-hand ones and that these were not at present available. He said new piles would cost \$16,000. He also said the figures on cost for use of equipment would have to be raised by one-third, because used equipment for rental could not be had at the present time.

Councilman Blank proposed that the City of Berkeley be approached on a possible arrangement whereby Albany could join to a degree in Berkeley's present "fill" arrangements. He suggested Albany could turn over the \$3000 fund in the present budget, set aside for dump development, and that Albany citizens be permitted to use the Berkeley dump on a fee system similar to that formerly used in Albany. Blank moved that he be permitted to discuss such a proposal with Berkeley officials. This was adopted 4 to 0. Mrs. Zahn declared such a move would be illegal, and passed her vote. City Attorney Foley ruled that a contract along the lines proposed would be legal.

It was also moved by Blank and seconded by Donahue that Olson and Cunan be asked to re-study their plans and costs as submitted, to see if they could find any way to reduce the costs, and to report to the council next Monday. This was passed 4 to 1, Mrs. Zahn voting "No."

The council discussed plans for financing new city buildings, which are so badly needed, but which lost by a small figure the necessary two-thirds majority required. Councilman Blank, chairman of the finance committee was asked to investigate alternative means of financing and reported Monday night, "It all boils down to one fact, and that is the simplest and most economical method of financing these buildings is through the sale of bonds. Costs are rising every year and I think we should schedule a new bond election in June."

The council rejected a motion from Mrs. Zahn that the council adopt an ordinance pertaining to councilmen and members of the Planning and Zoning Commission having "Personal Interest" in actions NOT involving contracts. The mayor stated that such action would require an amendment to the city charter. The motion lost for lack of a second.

Studebaker Dealer To Open In Albany

Jerome Blank, Albany realtor, today announced that his firm had just leased the building at 300 San Pablo Avenue, Albany, to Standard Motors Co., Richmond Studebaker dealer. While retaining the Richmond location, Standard Motors will conduct a new car agency in Albany, featuring Studebaker, and in addition, Borgward, Triumph, and Mercedes-Benz sales and service. Blank pointed out that the new major dealership would not only benefit Albany car owners, but will benefit the city in sales tax resulting from sales.

Spaghetti COOK-IN will please guests

If you're expecting guests and prefer their company to that of pots and pans—hurry, get your scissors. Here's a new recipe you'll want to clip for your file. It's a quick and easy spaghetti-and-veal-cuttlet combination that's ideal for a winter "cook-in" party. What's a "cook-in"? Why, it's a picnic indoors and it's the answer to the problem of brightening up winter-weary meals.

To give new appeal to your spaghetti, serve it with shredded Provolone cheese. And serve the traditional tomato sauce on tender, flavorful veal cutlets. Just to make things easy for yourself, let your guests toss their own green salad. Add a basket of hard rolls, a dish of olives and glasses of cold, refreshing milk and your "cook-in" spaghetti dinner is complete.

Provolone Spaghetti
(6 servings)
1 pound thin spaghetti
1/4 cup butter
2 cups shredded Provolone cheese

Cook spaghetti in boiling salted water until tender, according to package directions. Rinse and drain. Toss with butter

until well blended. Add shredded cheese and toss lightly. Serve at once with veal cutlets in tomato sauce.

Veal Cutlets in Tomato Sauce
(6 Servings)
6 veal cutlets
1/4 cup fine dry bread crumbs
1/2 cup grated Parmesan cheese
1 egg, beaten
1/2 cup butter
2 tablespoons butter
1/4 cup chopped onion
1/4 cup chopped green pepper
1-8-ounce can tomato sauce
1/2 teaspoon dried, sweet basil

Combine bread crumbs and Parmesan cheese. Dip cutlets in egg then in bread crumbs. Brown in the 1/4 cup butter in skillet. While cutlets are cooking, melt the 2 tablespoons of butter in a saucepan. Sauté onion and green pepper until transparent. Add tomato sauce and basil. Bring to a boil. When cutlets are done, pour tomato sauce over them. Serve at once. Make this one of the dinners to be served your weekend guests. The excellent spaghetti and veal cutlet recipe is easily done — and simple decorations add a festive air.

An Open Letter To Albany's Citizens

Open letter to the citizens, organizations and merchants of Albany:

We wish to sincerely thank you for your overwhelming support of our March of Dimes activities in Albany this year. The teenagers, especially, are to be commended; nowhere else in the Bay Area has the National Foundation received the support of the youth groups as it has in Albany. It is a wonderful feeling to know that the whole community is behind us in our new, expanded program — for we are now fighting the THREE great cripples of childhood: polio, birth defects and arthritis. Again our sincere and humble thanks for "a job well done."

Masquers to Give 'Suds In Your Eye'

On Tuesday and Thursday evenings, the auditorium of The Boys' Club of El Cerrito is the scene of busy adult activity as cast and crew work on The Masquers' production of the rollicking comedy, "Suds In Your Eye," which is to be presented to the public on March 20, 21, 27 and April 3 and 4.

The Masquers are entering their fifth year as a little theatre group and with the exception of last fall's production of "The Chalk Garden," all of their plays have been under the direction of Miss Josephine Camp.

"Suds In Your Eye" will present on stage a number of people who will be appearing for the first time with this group. They are Eunice Burlingame, Shirley Hickman, Rita Zadubec, Barbara Marchant, Nickey Little, Benn Zeppa, Jack Capri, Bill Little and Jack Schweer.

Letter to Ed for

The following "Proposed Legislation Pertaining to City Councilmen and Planning Commissioners 'Personal Interest' in Actions NOT Involving Contracts" was presented to the City Council Monday night by Councilwoman Zahn. Mrs. Zahn asked that her statement be printed by the Albany Times as explanatory of her attitude on the matter. It is given herewith:

"It is difficult to state a general definition of the 'PERSONAL INTEREST' of a City Council member or Planning Commissioner which will disqualify him from discharging his official duties. Certainly, he should take a strict view of his relationship with the city, and if there is any possibility that a 'CONFLICT' MIGHT ARISE between his personal interest and his public duty, he should WITHDRAW and NOT vote on the particular matter under consideration.

I feel that there is a great need in the City of Albany for an Ordinance pertaining to 'PERSONAL INTEREST' in actions NOT involving contracts in the City Government, and propose the following:

"It shall be unlawful for any member of either City Council or Planning Commission to enter into any discussion of, or vote for any zoning matter involving property in which he may have or had a direct or indirect financial or personal interest."

"In any such case he MUST in DETAIL publicly declare his interest, and REFRAIN from entering into discussions of the merit, and REFRAIN from voting on the subject."

"Failure to do that SHALL constitute a misdemeanor and SHALL subject the offender to IMMEDIATE removal from office."

I move that the City Attorney be instructed to prepare appropriate legislation along these lines, and that the City Council PASS such legislation.

Mrs. KATHIE ZAHN,
Member of the Albany City Council.

LIVE BETTER ELECTRICALLY IN A LIGHT-CONDITIONED HOME

Light conditioning makes our homes visually satisfying, irrespective of the sun, just as air conditioning gives us physical comfort regardless of the season.

Both permit us to use more of our living space, and to move about with greater comfort, freedom and convenience. When the Franklin stove and central heating more effectively pushed back the cold, there could be more use of furniture groupings away from the fireplace. The first Edison electric light bulb more conveniently pushed back darkness. Today's technical knowledge from lighting laboratories pushes it back still further. Light conditioning makes it possible to live in all parts of your home — at any time. It adds a convenience, visual comfort, beauty, and living flexibility never before so easy to achieve.

a light for every
problem in your home.

Just as we air condition complete rooms or areas (instead of a spot) so do we light-condition complete rooms or the entire home. This is done by applying a combination of tested, easy-to-follow lighting recipes which help you put the right light in the right places.

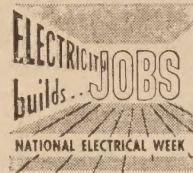

When you light condition your home you see with ease — you SEE YOUR HOME IN A NEW LIGHT. Rooms seem larger, colors appear richer, you and your furnishings look more attractive. Valuable space has better use. The environment matches changing moods and changing activities. Light-conditioning offers a better way of living and of enjoying our homes. It gives you

WHAT'S DOING

This flying phone crew is using a helicopter to find suitable locations for new radio relay towers to carry your calls. Rather than build costly access roads, they air-lifted themselves and their heavy radio test gear into rugged, roadless country. In five months they logged nearly ten thousand air miles and wrapped up a job which could have taken a year. And flying crews aren't the only phone people who work with time-saving equipment. On every phone job we look for the most economical way to do it.

When was the last time you had a telephone visit with an out-of-town relative or friend? If it was some time ago, you've been missing a lot. It's always a thrill to hear the voices of your favorite people across the miles. And the rates will fit your budget, too. Look at the rate that inside your phone book cover, and see for yourself. Then call tonight! Pacific Telephone

Holy Communion will also be administered in both services.
 The lesson topic for the graded classes of the Sunday school meeting at 9:45 a.m. will be, "The Good Samaritan."
 Next Wednesday, beginning with the Ash Wednesday service at 7:45 p.m., a series of six Lenten devotional services will be held. In these weekly services the pastor will deliver a series of sermons on the general theme,

"Witnesses of the Suffering Savior," using as his topic next Wednesday, "A Plotting High Priest."
FIRST BAPTIST
 Erik Madsen will speak both morning and evening Sunday. The Morning Worship Service begins at 11 a.m. Special music by the choir. The Evening Gospel Service begins at 7 p.m. This is a

one hour service of Melody, Music, and Message. The Youth Choir will render special music.
 The Sunday School convenes at 9:45 a.m. with classes for all ages and with competent teachers.
 Wednesday evening at 7:30 p.m. is our service of prayer, meditation and Bible study.

Albany Home Craft Course At Adult Center

For those interested in creating their own unique and charming decorative objects for homes or for gifts, the home crafts classes at the Albany Adult Education Center, offer an unequalled opportunity, according to Robert G. Dennis, principal of the Center.

This Winter, with two day and one evening class available, there will be instruction given on creating articles that permanently beautify the home — the lamp shades, various types of attractive waste baskets, fabric-covered boxes, the framing of pictures, the making of portfolios of various types, and similar objects.

In addition to the various crafts mentioned above, Miss Jennie Walton, the instructor,

will give class members the opportunity to get an exceptionally early start on Christmas this year. During this quarter, she will present some ideas for Yuletide decorations, particularly for those projects which are complicated and take a great deal of time to complete.

Miss Walton has all three of her classes in the Solano Adult Unit, corner of Solano and Cornell Avenues, on Wednesday. They are scheduled for 9 to 12, 1 to 4, and 7 to 10. Residents of neighboring communities, as well as Albany, may enroll in one, two, or all three of these Wednesday classes.
